park throughout the
afternoon.

Meet local bee keepers.
Craft activities and
nature trails for children.
Local produce stalls

 #OrchardsEverywhere
#UK_Orchard_Network

 #BlossomWatch

Orchards across the nation are preparing to open their gates for Orchard Blossom Day. This new annual celebration of fruit trees, flowers and food launches across the UK and Europe on and around the last Friday of April. The Day is celebrating orchards as magical places for the benefit of people and nature, places of a huge but dwindling variety of fruit trees and places in need of conservation across Britain and Europe.
